

## Happy New Year! from Laurence Singlehurst

As we all turn our thoughts and prayers to the year ahead, we are thankful for God's faithfulness and pray that we will all encounter his presence as we step into 2022 together.

At the start of this new calendar year I'd like to take the opportunity to outline the range of different ways in which we can help and support you and your church.

### **Wide range of resources**

Including mission, discipleship, personal growth, and more – plus of course our excellent array of small groups resources. Browse our website for the shop and also for free online resources to read or download.

### **Commissions**

We are happy to work with you to adapt one of our resources to fit your requirements – perhaps to create a curriculum or short series for your small groups, or to help devise something new!

### **Online training**

Our normal training programme offers a range of modules on Zoom throughout the year, check our training and events calendar to see what's coming up. The next opportunities starting 3<sup>rd</sup> February are focused on small groups training, with separate modules on mission, leadership, or introduction to small groups.

### **Bespoke training, consultation or informal chat**

We are also pleased to offer help with whatever you need at the moment, for example:

- leadership training or support
- mission
- planting new groups
- supporting your small groups supervisors

Ways in which we can assist include:

- bespoke training over Zoom tailored for your situation
- an online consultation with you, your team, or small groups leaders
- a one-to-one informal chat over Zoom with anybody needing a bit of help

Just contact is to explore any of these options. We'd love to work with you!
